

The new Techmath system is now operational. Please use it.

The old Techmath system has now been disabled.

The new system offers essentially all the features of the old, and also some new ones.

1. ON LINE PUBLISHING A NEW EVENT IN TECHMATH

- To publish an event please visit Techmath's site

www.math.technion.ac.il/techm

and proceed with the form in the Submission Form section. After you submit the form, an email message will be sent to your account with a link that you can use to confirm that the form really came from you.

- After the event is published it appears in the Techmath Page section

<http://www.math.technion.ac.il/site/techm/>

- A user may correct/change an announcement that he had submitted to Techmath.

In the Techmath page each announcement has a Message #: XXX

If you want to make a change in your message, enter the serial number XXX of your announcement in the top line of the submission form and fill in the form again. The submission will be treated as a new one and will get a new serial number. The old announcement will be hidden. Each user may change only his own announcements!

If everything else fails, write an email to the moderator at techm@math.technion.ac.il and ask him to correct the announcement manually.

2. SUBMISSION BY EMAIL

The new system will enable users who have submitted announcements via email to the old system to continue submitting to the new system in exactly the same way, after they make some minor modifications to their email templates.

You can submit an announcement by mailing it to techm2@math.technion.ac.il .

To enable your email message to be processed by our system, it must contain the following keywords (in lower case or upper case):

NAME_OF_SEMINAR: (or SEMINAR:)
SPEAKER: (You may write here also the speaker's affiliation)
TITLE:
BUILDING / ROOM:
DATE: (only digits, dd.mm.yy or dd,mm,yy or dd/mm/yy, or yyyy)
TIME: (hh:mm, starting time only, please use 24 hour format)
ABSTRACT: (may consist of several paragraphs)
END_OF_ABSTRACT

The "TITLE:" is obligatory. Without this keyword, the mail will not be processed.

The system determines the name of your institution from your email.

- Copy/paste these keywords into your email and fill the details. End each section by a blank line.
- **Please write your email message in simple ASCII format** without any exotic characters, coloured text, different fonts, html commands etc. Such exotic parts of your message may make its content difficult or impossible for our software to process it.
- Please don't use "Reply" and "Forward", since they may add strange symbols.

The "ABSTRACT:" section may contain additional information, for example a link to a file. You may also attach a pdf file to your email, and Techmath users will be able to view it via a link that will be set up by the system.

Additional paragraphs (say, "Coffee will be served ...", etc) may appear elsewhere in your message, but they will be disregarded by the system.

Note that email submission is less flexible than the web based submission form.

3. TECHMATH EMAIL NOTIFICATION

- Email notifications about the event reach members of our mailing lists, techmath@math and techmath2@math .
Subscribers to the techmath@math list will be notified about events in the Technion, while techmath2@math list subscribers will receive announcements about all other events.

- Event notification is scheduled to arrive twice. First time: ten days (or less - this depends on the date of submission and processing) before the event, and second time: one day before the event. A daily email may contain information about several events.

4. SUBSCRIPTION

Anybody may subscribe personally to one or both mailing lists by visiting the pages:

<http://leeor4.math.technion.ac.il/mailman/listinfo/techmath>

and

<http://leeor4.math.technion.ac.il/mailman/listinfo/techmath2>

respectively. One may also unsubscribe via the same pages.

The department@math.technion.ac.il mailing list is automatically included in the techmath@math list.

5. BUGS

- In case of bugs please write to techm@math.technion.ac.il or elias@tx.technion.ac.il
