

# Mostly Markov Mixing

**Summer Workshop for Graduate Students**  
(and Post-Docs and Gutsy Undergrads)

**Sunday-Wednesday 30.8.15 - 2.9.15**

Followed by: Workshop for Researchers (and Students)  
Thursday-Friday 3.9.15 - 4.9.15

**Technion, Haifa, Israel**

Registration will be open between: 15.5.15-31.7.15

The workshop will focus on topics connected to and arising from the problem of calculating the mixing rate for Markov processes on large finite state spaces as the size of the state space tends to infinity.

**Featured Mini-Courses:**

**Persi Diaconis**, Stanford University

**Yuval Peres**, Microsoft, Redmond, WA

**Laurent Saloff-Coste**, Cornell University

**Additional Lectures:**

**Pietro Caputo**, University of Rome 3

**Elchanan Mossel**, University of California, Berkeley

**Perla Sousi**, University of Cambridge
